Dear School Owner,

The Commission on Proprietary School and College Registration (CPSCR) is responsible for the administration of the Mississippi Proprietary School and College Registration Law, Title 75, Chapter 60, Mississippi Code of 1972, as amended. The purpose of the CPSCR is to establish and implement the registration process for obtaining and maintaining a certificate of registration and an agent's permit for institutions offering occupational/technical curricula.

Having received and reviewed your application for exemption from registration, CPSCR has determined no registration is needed by your institution to be able to provide vocational training as outlined to Mississippi residents under the provisions of Mississippi code 85-60-5 in the state of Mississippi as of the date of issuance of this statement.

This statement will be in effect for **twelve (12) months** from the date of issuance and must be renewed annually. Should the circumstances of your institutions offerings change which would cause a Certificate of Registration to be required, you must contact the Commission immediately.

If you have questions, please contact me at kverneuille@mccb.edu or 601-432-6185.

Sincerely,

Dr. Kim Verneuille, Ed.D, Director
Commission on Proprietary School & College Registration
Mississippi Community College Board
